

Work From Home Policy

Purpose

Feku Tech Solutions Pvt. Ltd. supports a flexible hybrid work model that enables employees to work remotely while maintaining productivity, collaboration, and business continuity. This policy outlines the guidelines, expectations, and responsibilities for employees working from home.

Scope

This policy applies to all eligible employees whose roles permit remote work based on business requirements, project needs, and manager approval.

Hybrid Work Model

The company follows a hybrid work approach where employees may work:

- * From the office
- * From home
- * A combination of both, as determined by departmental requirements

Managers may establish team-specific schedules to support collaboration and project delivery.

Working Hours

Employees working remotely are expected to:

- * Follow standard working hours of **9:30 AM to 6:30 PM IST**
- * Be available during core business hours
- * Attend scheduled meetings and discussions
- * Maintain regular communication with team members and managers

Availability and Communication

Employees working from home must:

- * Remain reachable through approved communication channels
- * Respond to work-related messages within a reasonable timeframe
- * Keep their work status updated on communication platforms
- * Notify their manager when unavailable during working hours

Approved communication tools include:

- * Microsoft Teams
- * Slack
- * Company Email
- * Project Management Platforms

Productivity Expectations

Employees are expected to:

- * Complete assigned tasks on time
- * Meet project deadlines and deliverables
- * Maintain the same level of performance expected in an office environment
- * Participate actively in team meetings and collaborative activities

Performance will be evaluated based on outcomes and deliverables rather than location.

Home Workspace Requirements

Employees should maintain:

- * A reliable internet connection
- * A secure and distraction-free work environment
- * Access to company-approved devices and software
- * Appropriate measures to protect company information

Information Security

While working remotely, employees must:

- * Use company-approved devices whenever possible
- * Protect confidential information
- * Use strong passwords and multi-factor authentication
- * Connect through approved VPN services when required
- * Avoid sharing company data with unauthorized individuals

Any security incident must be reported immediately to the IT team.

Attendance and Reporting

Employees must:

- * Record attendance through the designated attendance system

- * Inform their reporting manager about planned absences
- * Follow company leave procedures when taking time off

Working from home is not considered a substitute for approved leave.

Equipment and Support

The company may provide approved work equipment such as:

- * Laptops
- * Monitors
- * Keyboards and accessories
- * Software licenses
- * VPN access

Employees are responsible for safeguarding company-issued assets.

Manager Responsibilities

Managers are responsible for:

- * Monitoring team productivity

- * Supporting employee well-being
- * Ensuring effective communication
- * Managing project deliverables
- * Coordinating hybrid work schedules

Policy Compliance

Failure to comply with this policy may result in the revocation of remote work privileges or other corrective actions as deemed appropriate by management.

Policy Review

This policy may be updated periodically based on organizational requirements, operational needs, and evolving workplace practices.
